Progress Report (25' presentation + 15' discussion)

17:20 – 18:00 Daniel Jodlbauer (DK4)

18:00 DINNER

What is a **Hearing Seminar**? This is an approx. 30-minute presentation about recent results achieved in the course of a PhD project. The presentation is followed, resp. accompanied, by a seminar-like scientific discussion (approx. 30 minutes). Questions will be posed by the advisor, other DK project leaders, and other DK colleagues both from numerics and symbolics (associated PhD students, etc.). Therefore, a reasonable part of each presentation should be directed to a general mathematical audience.

● Thursday, September 27

Invited Presentation (45' talk + 15' discussion)

09:00 – 10:00 Stefan Takacs (DK4)

10:00 – 10:20 BREAK
